

Carrier Engagement Suite for P&C

A Dynamic Solution Set for Carriers, MGA's and Mutual Funds to Connect with their Policyholders

Property & casualty insurers are responsible for more than writing and servicing policies. Whether a large carrier or an MGA, insurance providers must stay engaged with their policyholders to boost trust and maintain retention.

Providing personalized policyholder engagement at scale can be a challenge for any insurer, large or small. That's where Zywave's Carrier Engagement Suite comes in. It's a dynamic solution providing you with content, apps, and compliance courses to meet your policyholders' needs. All in a modern and intuitive platform.

Your One-Stop Shop for Policyholder Engagement

Branded Portal

Make your client portal your own. Add your organization's branding and customize the portal's look and feel – all while leveraging a robust engagement platform. You can also provide your policyholders such resources as employee safety communications, and state and federal regulatory materials.

Top-Notch Content and Compliance Apps

Provide your policyholders the tools they need to improve their wellness and manage their risk. Options for Safety, Cybersecurity and Executive Risk each come with highly-vetted content, plus such dynamic tools as OSHA logs, cyber assessments, breach response modules and more.

Enhanced Learning Management System

Make compliance a breeze with access to Zywave's Learning Management System (LMS) - home to reputable courses for safety, cybersecurity, or executive risk subjects. You can also upload any courses you've created, so that policyholders can access them through the LMS.

Relationship Management

Get guidance throughout your journey. By purchasing Relationship Management services, you'll have access to enhanced outreach from Zywave experts to assist your policyholders' engagement initiatives.
